Minute Orders:

Proposed MO #

[01-16\(c\) Policy for Faculty Expectations and Workload](#)2

Report:

1. [TSTC Board of Regents Honor Graduates Fall 2015](#).....3
Elton E. Stuckly, Jr.

Board Meeting Date: February 11, 2016 **Proposed Minute Order #:** 01-15(c)

Proposed By: Elton E. Stuckly, Jr., Executive Vice Chancellor & Chief Operations Officer

Subject: Policy for Faculty Expectations and Workload

Background: On May 8, 2014, by Minute Order #32-14(c), the TSTC Board of Regents approved the concept and implementation of a single accreditation for the Texas State Technical College System effectively merging its four colleges into a single entity. This effort has come to be called “Single Accreditation” or abbreviated as “SA.” The TSTC Board of Regents subsequently ratified and accepted the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) June 11, 2015 approval of TSTC’s Single Accreditation Prospectus on June 25, 2015 via Minute Order #27-15(c). Single Accreditation requires that TSTC migrate some of its heretofore local and often dissimilar practices to a unified statewide level. This minute order effects such a change.

Justification: Under Single Accreditation, this revised policy statement describes faculty teaching loads and productivity standards for all TSTC campuses.

Additional Information: Faculty members of Texas State Technical College are expected to be engaged in teaching, service, and professional development activities that support TSTC’s mission to contribute to the educational and economic development of the State of Texas through occupationally-oriented programs, with supporting academic coursework, emphasizing highly specialized advanced and emerging technical and vocational areas for certificates or associate degrees.

A Statewide Operating Standard (ES 1.15) provides the operating requirements that support the policy statement.

Fiscal Implications: None

Attestation: This Minute Order is in compliance with all applicable laws and regulations to the best of my knowledge.

Attachment(s): None

Recommended Minute Order: “For the collective benefit of the students, the institution, and the faculty, full time faculty members shall be assigned fair and equitable instructional duties commensurate with their teaching discipline and other college responsibilities.”

Recommended By:

Elton E. Stuckly, Jr., Executive Vice Chancellor & Chief Operations Officer
